PLEASE READ before completing this form. The Office of Student Financial Assistance at Fort Hays State University recognizes there may be times the Free Application for Federal Student Aid (FAFSA) does not reflect a family’s current financial situation. Professional judgment is the ability to change a student’s financial assistance based on unusual or special circumstances. Examples of possible circumstances are listed below. This is not intended to be all-inclusive since you may have a situation that is not categorized. Through the use of professional judgment, a financial aid administrator may be able to make adjustments to the student’s financial aid application which could result in a recalculation of the student’s eligibility. Once the Budget Adjustment Request, GradReady Coursework, and supporting documentation are reviewed (within 45 days of the date the final documentation is submitted), you will be notified of the result. A review does not guarantee an adjustment to your aid. You must have a completed FAFSA on file at FHSU before any adjustments can be considered. Adjustments made based on this request apply to aid eligibility at FHSU only. *Processing will be suspended the two weeks prior and the two weeks following the beginning of each semester.*

This form must be submitted prior to April 15, 2024 for Fall/Spring adjustments.

****Request must include the GradReady Coursework. Please see back side of worksheet for instructions on coursework completion.****
