

COMPUTER SCIENCE

FHSU

WHAT CAN I DO WITH A MAJOR IN...?

WHAT IS COMPUTER SCIENCE?

Computer Science is an area of studies that involve software, digital storage and retrieval, networks, human computer interaction, information security, digital design, and electronic media. Graduates are prepared to work with complex information and computing systems and have the skills and knowledge necessary to advance steadily in their careers. Having a degree in CS will make you in high demand at various federal agencies and private companies.

RELATED CAREER TITLES

Applications Programmer	Computer Science Teacher	EDP Auditor	Robotics Programmer
