

🌟 Join Our Team: Intel Skills for Innovation Internship Opportunity! 🌟

Are you passionate about community building, detail-oriented, and looking to gain experience in social media management? Look no further! Intel® Skills for Innovation (Intel® SFI) is seeking a dynamic intern to join our team as a **Community Manager Intern**.

About Us: Intel® SFI is reinventing technology's role in education, empowering students to become future innovators. As a Community Manager Intern, you'll play a pivotal role in shaping our mission by actively engaging with educators, learners, and decision-makers.

Responsibilities:

- **Content Creation:** Collaborate with our team to create compelling content that resonates with our community.
- **Social Media Management:** Keep our social media platforms buzzing with exciting updates, stories, and insights.
- **Content Scheduling:** Help organize and schedule content to maximize impact.
- **Virtual Collaboration:** Embrace our remote-first approach and connect virtually with team members and stakeholders.

What You'll Gain:

- **Real-World Experience:** Dive into the heart of social media management and community building
- **Skill Development:** Hone your communication, content creation, and community management skills.
- **Networking:** Connect with industry professionals, educators, and fellow interns.

Ready to make a difference? Apply now and be part of the Intel® SFI movement! 🚀
