| No Race/Ethnicity Reported | 3              | 2                            |

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank.  [\(§205\(b\)\(1\)\(H\)\)](#)

### What are CIP Codes?

☐

No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

*Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.*

### What are CIP Codes?

Do participants earn a degree upon completion of the program?

- ☒ Yes
- ☐ No

☐ No teachers prepared in academic year 2019-20

If your program does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or [clear responses already entered](#)).

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances.  [\(§205\(a\)\(1\)\(A\)\(iii\); §206\(b\)\)](#)

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Yes

No

Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

No
8. Describe your institution’s most successful strategies in meeting the assurances listed above:

Systematic Program Approval Process - COE teacher education programs are reviewed and approved (2017) by the Kansas State Department of Education (KSDE) and CAEP (2017), and include assessments, scoring guides, and at least three years of assessment data. Programs are annually reviewed.

# Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

## Report Progress on Last Year's Goal (2019-20)

1. Did your program prepare teachers in mathematics in 2019-20?

If no, leave remaining questions for 2019-20 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

To prepare 2 math teachers.

3. Did your program meet the goal?

- ☒ Yes
- ☐ No

4. Description of strategies used to achieve goal, if applicable:

Continue to meet with stakeholders such as school administrators to promote our programs and brought some to campus to meet with candidates. Disseminated information to candidates about scholarship opportunities.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Will continue to meet with stakeholders and communicate with high school students in the area to generate interest in the profession.

# Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period.  [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

# Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period.  [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

## Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- ☒ Yes
- ☐ No

If yes, please specify the organization(s) that approved or accredited your program:

- ☒ State
- ☒ CAEP
- ☐ AAQEP
- ☒ Other specify:

HLC

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- ☐ Yes
- ☒ No

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.  [\(§205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

- ☒ Yes
- ☐ No

b. use technology effectively to collect data to improve teaching and learning

- ☒ Yes
- ☐ No

c. use technology effectively to manage data to improve teaching and learning

- ☒ Yes
- ☐ No

d. use technology effectively to analyze data to improve teaching and learning

- ☒ Yes
- ☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

The College of Education’s Shared Values and Beliefs is based on the Technological Pedagogical and Content Knowledge (TPACK) model. The Shared Values and Beliefs articulates the Educator Preparation Provider’s (EPP) technology expectations for candidates. Education professionals uses technology appropriately and effectively within the classroom/school/district setting (TK 1). In addition, candidates integrate current and emerging tools (TPACK 1) and design/facilitate diverse learning activities that incorporate digital tools and resources (TCK 1). Candidates demonstrate a sound knowledge of educational technology in planning, designing, delivering, and evaluating effective learning experiences for all students. The EPP has established Technology Proficiencies that are aligned with the Shared Values and Beliefs as well as the International Society for Technology in Education Standards for Teachers (ISTE Standards-T). The ISTE-T performance indicator 3d. Model and facilitate effective use of current and emerging digital tools to locate, analyze, evaluate, and use information resources to support research and learning is addressed in coursework and clinical practices and assessed through the Fort Hays State University Quality Assurance System. Technology proficiencies are also integrated into each undergraduate teacher education methods course, and into the Kansas Performance Teaching Portfolio (KPTP) at the end of the program. All initial candidates are required to take TECS 390 Introduction to Instructional Technology. This course provides experience in the application of instructional media and technologies for future teachers and teaches candidates how to model and apply various instructional technologies to enhance instruction. Candidates are required to successfully complete this course with a “C” or higher prior to admission to the program. All teacher preparation programs

engage candidates through a progression of field and clinical experiences that include the integration, assessment, and use of technology. A Completer and Employer Survey is sent with feedback indicating a high degree of proficiency with technology in our candidates. Technology needs and integration within programs are reviewed annually.

Provide the following information about your teacher preparation program.

## Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The programs are reviewed by the Kansas State Department of Education (KSDE). They were fully approved, with no areas for concern, in 2017. The programs were part of the onsite review by KSDE and CAEP in 2017 which resulted in all programs being fully accredited. Data is regularly analyzed for program improvement purposes.
