4:05 (1 minute) All members were present with the exception of Glenn, Miller, Orth, and Stanley. Schmidt served as proxy for Glenn and Miller, and Marez served as proxy for Orth. Determined that a quorum was met.

4:06 (2 minute) The minutes were amended and approved.

4:08 (18 minutes) The committee considered a proposal for **TEEL 340: Classroom Management** to satisfy the outcomes for **objective 3.2 (intercultural competence)**. It seemed to the committee that the course could work for 3.2, but that the evidence offered in support of this is less than clear. We had questions about the course description, about the degree to which intercultural competence is central to the course, and about whether all three options in the "immersive experience" are equally up to the assessment task. The committee decided to **table** the proposal and invite members of the department of teacher education to meet with us.

4:26 (10 minutes) The committee considered a revision of the proposal for **BIOL 442: Scientific Communication** to satisfy the outcomes for **objectives 1.4 (information literacy)** and **1.1A and 1.5.3 (upper-division writing and critical thinking)**. The proposal was **approved**.

4:36 Meeting ended. Our next meeting will be on Thursday March 10 at 3:30 PM.
