

EARTH SCIENCE WEEK

Earth Materials in Our Lives

CARBON EMISSION & RECYCLING

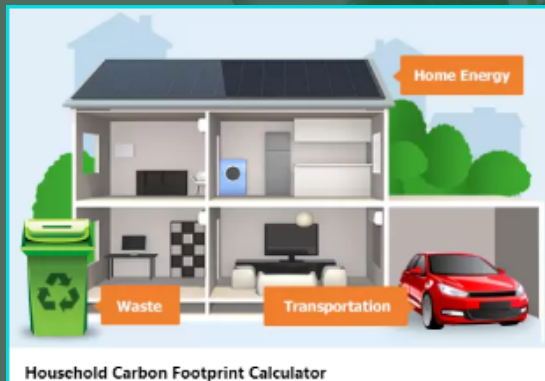

Learn more about the processes of large scale recycling by taking a virtual tour of a Materials Recovery Facility, located in Rhode Island.

To watch the video and do the activity, please double click on the link below the image.

www.youtube.com/watch?v=Jda_9_30-WU&feature=youtu.be

After watching the video on recycling, visit the Environmental Protection Agency's website, to calculate your own carbon footprint.

www3.epa.gov/carbon-footprint-calculator/

Please take the below survey to tell us about your experience with this activity.

ESW: Carbon Emissions and Recycling
